Minimum Advertised Price Policy

Through a significant investment in design, technology and personnel, Ancient Nutrition, LLC (“AN”) has established a strong reputation for providing quality products. AN has determined that advertising AN products at prices below certain levels established by AN undermines AN’s trade reputation, image, and marketing strategy. To ensure the value of the image of AN to their customers, the following unilateral Minimum Advertised Price Policy (“MAP Policy”) must be followed for the advertising of AN products by dealers.

A. General Guidelines

1. The products covered by this policy are listed in Schedule A (“MAP Products”). AN may, in its sole discretion modify this list from time to time.

2. AN recognizes that dealers are free to make their own decisions to advertise and sell any AN product at any price they choose, without consulting or advising AN. You recognize and agree that AN will exercise its right to make its own decisions regarding any AN dealer program, marketing materials, point-of-purchase displays, product allocation, new product availability, or future promotional, joint marketing, or sponsorship programs.

3. The MAP Policy applies to advertised prices, not the price at which MAP Products are actually sold or offered for sale to an individual in-store or over the telephone.

4. AN believes in maintaining a well-regulated and fair marketplace for all its authorized resellers.

B. Advertising Guidelines

1. The MAP applies to all advertisements for any AN products in any and all media, including, but not limited to: flyers, posters, coupons, mailers/emails, inserts, newspapers, magazines, catalogs, mail order catalogs, Internet or similar electronic media, television, radio and other public displays.

2. The MAP Policy applies only to advertised prices and does not apply to the price at which AN products are actually sold or offered for sale to an individual consumer within the dealer’s retail location. “Retail location” is defined as the physical place where end-users can physically buy and take immediate delivery of AN products. The final sales price remains totally at dealers’ discretion.

3. Website features such as “click for price,” automated “bounce-back” pricing e-mails, preformatted e-mail responses, forms, automatic price display for any items prior to being placed in a customer’s shopping cart and other similar features are considered to be communications initiated by the dealer (rather than by the customer) and thereby constitute “advertising” under this MAP Policy.

4. It shall not be a violation of this MAP Policy to advertise that a customer may “call for price” or “email for price,” or to use similar language, so long as no price is listed.

5. This MAP Policy also applies to any activity which AN determines, in its sole discretion, is designed or intended to circumvent the intent of this MAP Policy, such as solicitations for “group purchases” and the like.

6. It shall not be a violation of this MAP Policy to advertise in general that the reseller has “the lowest prices” or will match or beat its competitors’ prices, or to use similar phrases; so long as the reseller does not include any advertised price below MAP and otherwise complies with this MAP Policy.

7. Dealers wishing to utilize a subscription-based program with AN products, also defined as “continuity” or “autoship” offers, are permitted to deviate from the MAP Policy upon AN’s review and approval of such dealer’s subscription discount program prior to the execution of any advertising below MAP.

C. MAP Policy Enforcement

1. If a dealer with multiple store locations violates this MAP Policy at any one store location, or on any associated website, then AN will consider this to be a violation by the dealer.

2. AN reserves the right to cancel any pending orders, restrict future orders, or suspend dealers’ account if AN reasonably believes:

- (a) a dealer has violated the provisions of this policy; or
- (b) a dealer intends to violate this policy

3. Waivers to this MAP Policy may be granted in AN’s sole discretion in writing. AN Sales, Marketing, or other personnel are not authorized to modify or grant exceptions to the MAP Policy. In the event that AN authorizes a waiver to the MAP Policy, dealers must strictly adhere to the terms of the waiver letter. Deviation from the terms of a waiver letter is a violation of the MAP Policy.

4. AN monitors the advertised prices of dealers, either directly or via the use of third-party agencies or tools. Dealers are expected to provide reasonable cooperation in any AN investigations regarding possible MAP Policy violations. Hindering, obstructing, delaying, or otherwise failing to cooperate with a AN MAP Policy investigation is a violation of this MAP Policy.

5. AN may periodically discontinue products or engage in promotions with respect to certain items. In such events, AN may, at its sole discretion, modify or suspend the MAP with respect to the affected products by timely notifying all dealers of such change.

6. The MAP Policy will be enforced by AN in its sole discretion and without notice. Dealers, distributors, and resellers have no right to enforce the MAP Policy. Violations of this policy may result in sanctions up to and including termination of our business relationship, as well as any available remedies at law. All questions related to this MAP Policy should be directed in email to: order@ancientnutrition.com.
